How to Avoid Parking Citations
A valid permit must be displayed face up in the windshield of your vehicle at all times (even when parked with a disabled placard) and is required each day you park. If parking with disabled placards, the placard must be on your dashboard or rear view mirror and be visible even when parking in non-disabled stalls. If you receive a citation go MP Patient for assistance.

Please do not park in spaces RESERVED for physicians, Held Properties, disabled persons, loading zones, University Vehicles, or spaces otherwise reserved.

Is my permit valid in the hospital parking area? Yes, you may cross-park at the hospital on the same day by going to the Parking and Information booth located on Tiverton Ave. north of LeConte and obtaining a complimentary transfer from the parking attendant.
